About this Document

The examples used in the following document are intended for training purposes only and may not exactly depict the functionality of the Illinois Transportation Automated System nor the current regulations which are applicable to your operation. Remember, a permit issued by the Illinois Department of Transportation using the Illinois Transportation Automated System is valid only when compliant with all state and federal laws and regulations.

Use of the Illinois Transportation Automated Permit System by any carriers is a privilege provided by the State of Illinois. The Illinois Department of Transportation reserves the right to refuse, suspend, or revoke this service to any carrier not in compliance with state and federal laws and regulations.

How to Use this Document

Welcome to the *How to Use the Illinois Transportation Automated Permits (ITAP) System* documentation!

The label you are reading now is just one of many labels in this document. Most of the information about how to use the system will be displayed on labels that look just like this one.

A variety of pictures are used to demonstrate the system. Arrows are used to point out important features.

Each section of the document has a title bar like you see at the top of this page.

The **Table of Contents/ Menu** allows you to go directly to each section of the manual.

Table of Contents Menu	
Cover	01
Table of Contents Menu	02
About the Illinois Electronic Permit System Tutorial	03
Oversize/ Overweight Movements	04
The Permit Home Page	05-07
My Permits	08-13

When you are in the **Table of Contents/ Menu**, click directly on the name of the section you'd like to view. You will then be taken to that page of the manual.

You can return to the **Table of Contents Menu** from every page in the manual. This makes finding what you want quicker and easier.

Cover	01
Table of Contents Menu	02
About the Illinois Electronic Permit System Tutorial	03
Oversize/ Overweight Movements	04
The Permit Home Page	05-07
My Permits	08-13

Here is what the link looks like. It will return you to the **Table of Contents Menu** whenever you click it.

[Go to Table of Contents Menu \(Part I\)](#)

At some points in the manual there are other links that can take you from one section of the manual to another.

It is **ALWAYS** optional to use these links. Most of the time you'll probably just want to continue to the next page.

Here is an example of one of the links that will take you to another section. If you click on this one, you will be taken to the ***Table of Contents Menu***.

The screenshot displays the Illinois Department of Transportation (IDOT) website interface for the Illinois Transportation Automated Permits (ITAP) system. The header includes the IDOT logo, the name of the Secretary, Ann L. Schneider, and the text "Illinois Transportation Automated Permits". On the right, it shows the State of Illinois logo and the name of the Governor, Pat Quinn. The page is identified as a "QA SITE" and displays a personalized welcome message: "Welcome YourUserName! [Change Password] [Log Off]". A blue arrow points from a text box to the "Log Off" link. A navigation menu on the left lists various services such as "Download Silverlight", "IDOT Home Page", "Permit Home Page", "Order Permit", "Getting Around Illinois Maps", "Trucker Information", "Contact Permit Office", "Apply for Escrow Account", and "Account Information". The main content area features a banner with a map of Illinois and an aerial view of a truck, with the text "Oversize Overweight Permits" and "ITAP - your source for Illinois OS/OW Permits!". Below the banner, a welcome message reads: "Welcome to the Illinois Department of Transportation Over-Size / Over-Weight Permits Application". At the bottom, there are links for "Click HERE to Log Off" and "Click HERE to create a NEW LOGON".

How to Log On

You must be logged on to the system to use the majority of ITAP's features. After a period of inactivity, the system will perform an automatic log-off of your Customer-ID.

The screenshot shows the homepage of the Illinois Transportation Automated Permits (ITAP) system. At the top left is the Illinois Department of Transportation logo with the name of the Secretary, Ann L. Schneider. At the top right is the State of Illinois logo with the name of the Governor, Pat Quinn. The main heading is "Illinois Transportation Automated Permits" with "QA SITE" below it. A "[Log On]" link is in the top right corner. On the left is a vertical menu with links: "Download Silverlight (needed for ITAP)", "IDOT Home Page", "Permit Home Page", "Getting Around Illinois Maps", "Trucker Information", and "Contact Permit Office". The main content area features a large image of a red truck carrying a large white cylindrical tank, with a yellow sign on the front that says "OVERSIZE LOAD". A red map of Illinois is overlaid on the left side of the image with the text "Oversize Overweight Permits". Below the image is the text "ITAP - your source for Illinois OS/OW Permits!". At the bottom, there is a welcome message: "Welcome to the Illinois Department of Transportation Over-Size / Over-Weight Permits Application". Below this are two links: "Click [HERE](#) to Log On (or use the [Log On](#) link at the top right of this page)" and "Click [HERE](#) to create a NEW LOGON".

PLEASE NOTE: Before you are able to **Log on**, you must **Create a New Customer ID (Logon)**. To learn how, [CLICK HERE](#).

To log onto the System, begin at the **Permit Home Page**.

The *Filter Icon* allows you to limit what is displayed in each column, based on the information that you want to see.

Here is a close-up view of the *Filter icon*.

PLEASE NOTE: Each column with a *Filter Icon* can be filtered individually. This can help you find very specific information, without seeing the whole list which may span several pages.

Displaying items 1 - 1 of 1

After clicking the *Filter Icon*, the filter options are displayed.

Clear Filter

Show rows with value that

Is equal to

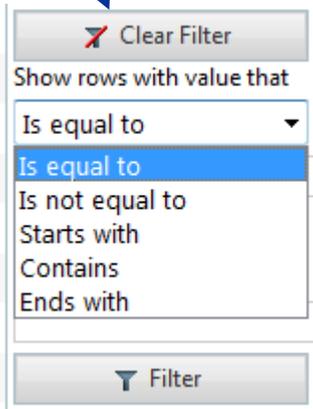

And

Is equal to

Filter

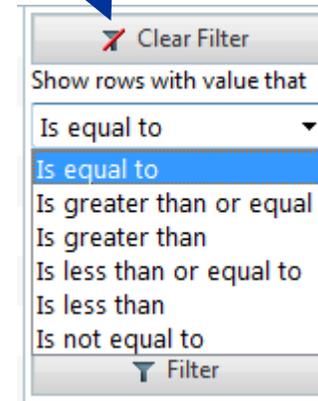

PLEASE NOTE: The filter options will vary slightly, depending on what kind of information the column shows.

For columns that contain alphanumeric data, the filter options are available as shown.

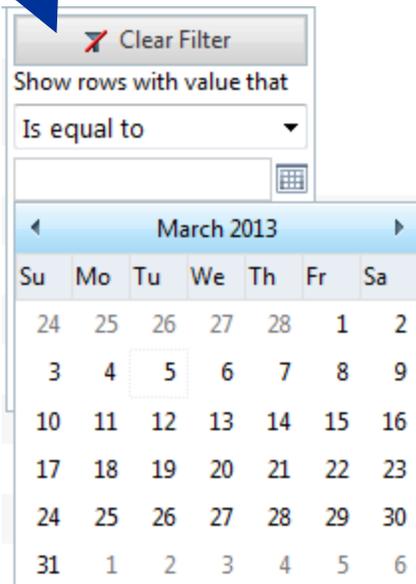

A filter dropdown menu for alphanumeric data. It features a 'Clear Filter' button at the top with a red 'X' icon. Below it, the text 'Show rows with value that' is followed by a dropdown menu currently set to 'Is equal to'. The dropdown is open, showing a list of options: 'Is equal to' (highlighted in blue), 'Is not equal to', 'Starts with', 'Contains', and 'Ends with'. At the bottom of the menu is a 'Filter' button with a downward-pointing arrow.

For columns that contain numeric data, the filter options are available as shown.

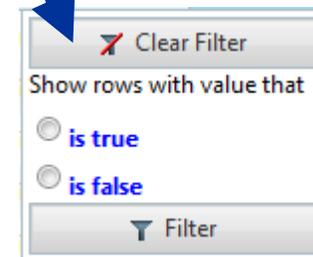

A filter dropdown menu for numeric data. It features a 'Clear Filter' button at the top with a red 'X' icon. Below it, the text 'Show rows with value that' is followed by a dropdown menu currently set to 'Is equal to'. The dropdown is open, showing a list of options: 'Is equal to' (highlighted in blue), 'Is greater than or equal to', 'Is greater than', 'Is less than or equal to', 'Is less than', and 'Is not equal to'. At the bottom of the menu is a 'Filter' button with a downward-pointing arrow.

For columns that contain date and time data, the filter options are available as shown.

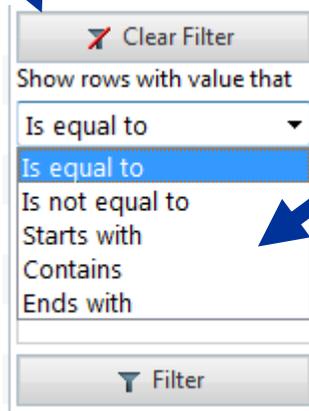

A filter dropdown menu for date and time data. It features a 'Clear Filter' button at the top with a red 'X' icon. Below it, the text 'Show rows with value that' is followed by a dropdown menu currently set to 'Is equal to'. Below the dropdown is a calendar icon. The calendar is open, showing the month of March 2013. The days of the week are listed as Su, Mo, Tu, We, Th, Fr, Sa. The dates are arranged in a grid: 24, 25, 26, 27, 28, 1, 2; 3, 4, 5, 6, 7, 8, 9; 10, 11, 12, 13, 14, 15, 16; 17, 18, 19, 20, 21, 22, 23; 24, 25, 26, 27, 28, 29, 30; 31, 1, 2, 3, 4, 5, 6.

For columns that contain *Yes/ No* or *True/ False* data, such as checkboxes, the filter options are available as shown.

A filter dropdown menu for Yes/No or True/False data. It features a 'Clear Filter' button at the top with a red 'X' icon. Below it, the text 'Show rows with value that' is followed by two radio button options: 'is true' and 'is false'. At the bottom of the menu is a 'Filter' button with a downward-pointing arrow.

No matter the type of data held in the column and the filter options available, the procedure for setting the filter options is as follows.

To set the filter options, click on the dropdown arrow for the upper **Show rows with value that** field. Then select the criteria for how the data should be filtered.

 Clear Filter

Show rows with value that

Is equal to ▼

5862 ←

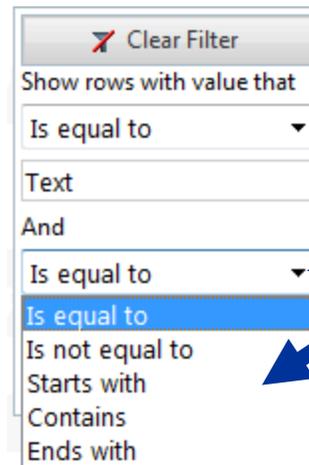

And

Is equal to ▼

 Filter

Next enter a value in the lower **Show rows with value that** field. The criteria you selected above will be applied to the value entered here.

The last two fields of the filter options are not required, but may be used to further filter the results.

A screenshot of a filter dialog box. At the top is a button labeled 'Clear Filter' with a red 'X' icon. Below it is the text 'Show rows with value that'. A dropdown menu is open, showing 'Is equal to' selected. Below this is a text input field containing 'Text'. Underneath is the word 'And'. Another dropdown menu is open, showing a list of filter criteria: 'Is equal to', 'Is not equal to', 'Starts with', 'Contains', and 'Ends with'. The 'Is equal to' option in this second dropdown is highlighted in blue. Two blue arrows point from a text box on the right to the dropdown arrow and the highlighted 'Is equal to' option.

To enable the second set of filter criteria, click on the dropdown arrow for the upper **And** field. Then select the criteria for how the data should be filtered.

PLEASE NOTE: As mentioned, the bottom two fields are optional. Only one set of criteria is required to filter the columns.

[Go to Table of Contents Menu \(Part I\)](#)

 Clear Filter

Show rows with value that

Is equal to ▼

Text

And

Is not equal to ▼

Other Text

 Filter

Next enter a value in the lower **And** field. The criteria you selected above will be applied to the value entered here.

To enable the filter, and display the resulting columns as you've indicated, click the **Filter** button.

To disable any filters you have set, and display the resulting columns without the indicated filter, click the ***Clear Filter*** button.

Clear Filter

Show rows with value that

Is equal to ▼

Text

And

Is not equal to ▼

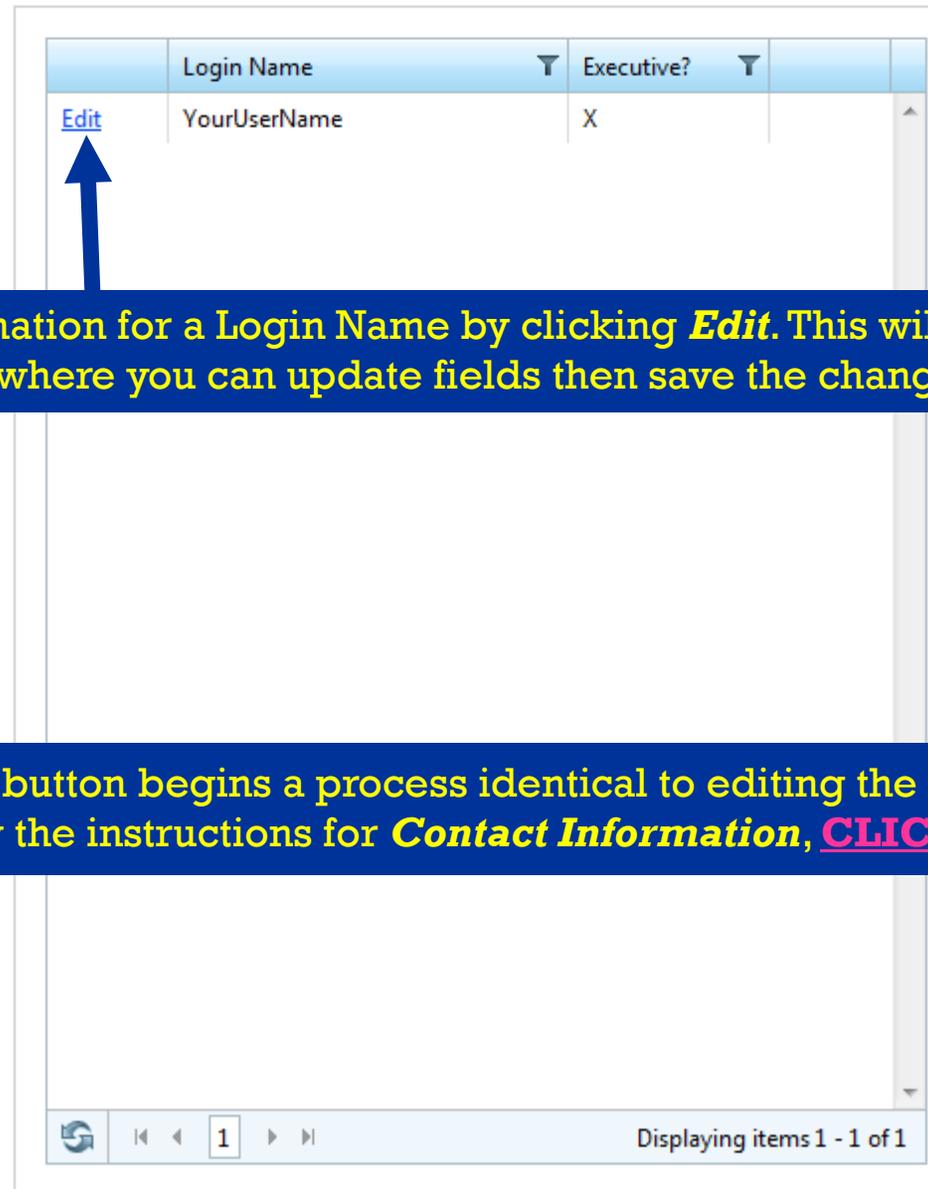

Other Text

Filter

To continue the **Add Subordinate Users** process, click **Create Subordinate User**.

To finish the *Applying for Escrow Account* process, you must read and agree to the *General Provisions & Terms of Use*.

Email Address:

Alternate or Billing Email Address:

General Provisions & Terms of User

Upon request, the Department will notify the account holder when the balance falls below an agreed warning level.

The account holder may replenish funds at any time.

The Department will furnish monthly statements, providing there has been activity in the account, which will show charges, adjustments and the current balance remaining.

An escrow account may be closed at any time and the unused balance refunded. Closing of the account and requests for refunds must be in writing.

Invoices are listed, and can be displayed, in this section.

Save

As invoices are created, you may have several pages of invoices listed. The page navigation buttons make it easy to switch between pages in **Account Information**.

The screenshot shows a table with the following data:

	Invoice Date	Invoice
	10/16/2012	No Invoice Generated
View	10/15/2012	Invoice11111
View	10/15/2012	Invoice11111
View	10/12/2012	Invoice111110122012.pdf
	10/11/2012	No Invoice Generated
View	10/10/2012	Invoice111110102012.pdf
	10/9/2012	No Invoice Generated
	10/5/2012	No Invoice Generated

Below the table is a navigation bar with a 'Save' button, a refresh icon, and page navigation controls. The page number '1' is highlighted, and the text 'Displaying items 1 - 10 of 16' is shown to the right.

No Invoice Generated indicates that there was no permit activity during that period.

The current page of the invoice list is displayed here.

Here you can view the range of items displayed on the current page, and total items available.

Replenish Account

[Create New Transaction](#)

	Account #	Amount	Date Entered
Details	1111	999999.00	9/27/2012 10:26 AM

The image shows a screenshot of a web application interface. At the top, there is a section titled 'Replenish Account' with a link 'Create New Transaction'. Below this is a table with columns 'Account #', 'Amount', and 'Date Entered'. A blue arrow points from the 'Filter Icon' (a funnel shape) in the 'Account #' column to a close-up view of the icon. The close-up view shows the icon in more detail, with a blue background and a white funnel shape. A blue arrow points from the close-up view back to the table. At the bottom of the table, there is a pagination bar with a refresh icon, navigation arrows, and the text 'Displaying items 1 - 1 of 1'.

The *Filter Icon* allows you to limit what is displayed in each column, based on the information that you want to see.

Here is a close-up view of the *Filter icon*.

PLEASE NOTE: Each column with a *Filter Icon* can be filtered individually. This can help you find very specific information, without seeing the whole list which may span several pages.

After clicking the *Filter Icon*, the filter options are displayed.

Clear Filter

Show rows with value that

Is equal to

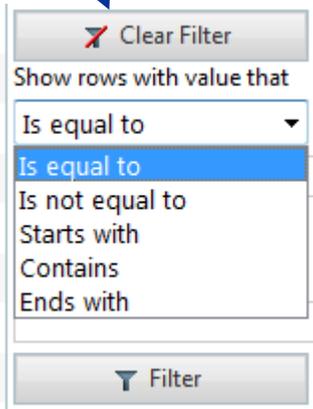

And

Is equal to

Filter

PLEASE NOTE: The filter options will vary slightly, depending on what kind of information the column shows.

For columns that contain alphanumeric data, the filter options are available as shown.

Clear Filter

Show rows with value that

Is equal to

Is equal to

Is not equal to

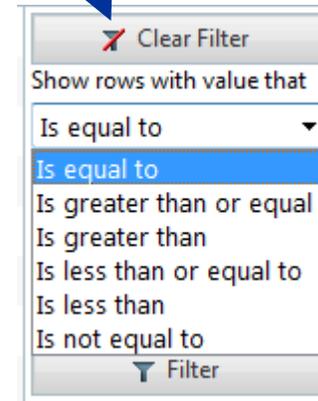

Starts with

Contains

Ends with

Filter

For columns that contain numeric data, the filter options are available as shown.

Clear Filter

Show rows with value that

Is equal to

Is equal to

Is greater than or equal to

Is greater than

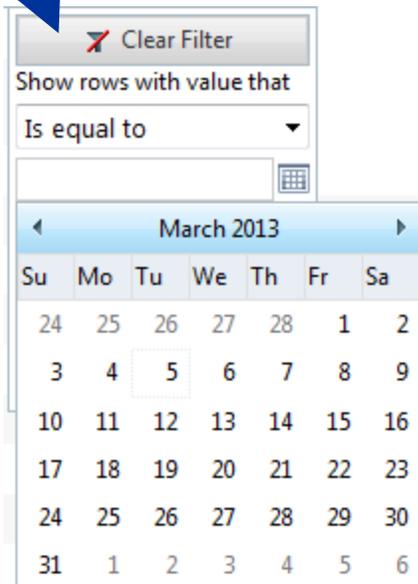

Is less than or equal to

Is less than

Is not equal to

Filter

For columns that contain date and time data, the filter options are available as shown.

Clear Filter

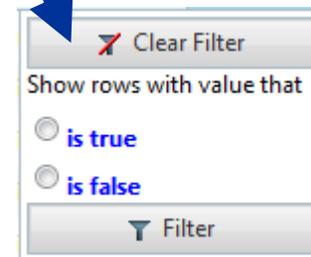

Show rows with value that

Is equal to

March 2013

Su	Mo	Tu	We	Th	Fr	Sa
24	25	26	27	28	1	2
3	4	5	6	7	8	9
10	11	12	13	14	15	16
17	18	19	20	21	22	23
24	25	26	27	28	29	30
31	1	2	3	4	5	6

For columns that contain *Yes/ No* or *True/ False* data, such as checkboxes, the filter options are available as shown.

Clear Filter

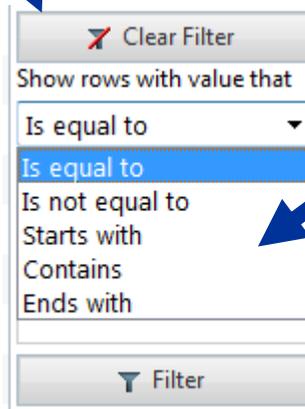

Show rows with value that

is true

is false

Filter

No matter the type of data held in the column and the filter options available, the procedure for setting the filter options is as follows.

To set the filter options, click on the dropdown arrow for the upper **Show rows with value that** field. Then select the criteria for how the data should be filtered.

Show rows with value that

Is equal to ▼

5862

And

Is equal to ▼

Next enter a value in the lower **Show rows with value that** field. The criteria you selected above will be applied to the value entered here.

The last two fields of the filter options are not required, but may be used to further filter the results.

A screenshot of a filter dialog box. At the top is a button labeled 'Clear Filter' with a red 'X' icon. Below it is the text 'Show rows with value that' followed by a dropdown menu currently set to 'Is equal to'. Underneath is a text input field containing the word 'Text'. Below that is the word 'And' followed by another dropdown menu. This second dropdown menu is open, showing a list of options: 'Is equal to', 'Is not equal to', 'Starts with', 'Contains', and 'Ends with'. The 'Is equal to' option in this second menu is highlighted in blue. Two blue arrows point from a text box on the right to the dropdown arrow and the highlighted 'Is equal to' option.

To enable the second set of filter criteria, click on the dropdown arrow for the upper **And** field. Then select the criteria for how the data should be filtered.

PLEASE NOTE: As mentioned, the bottom two fields are optional. Only one set of criteria is required to filter the columns.

Show rows with value that

Is equal to ▼

Text

And

Is not equal to ▼

Other Text

Next enter a value in the lower **And** field. The criteria you selected above will be applied to the value entered here.

To enable the filter, and display the resulting columns as you've indicated, click the **Filter** button.

To disable any filters you have set, and display the resulting columns without the indicated filter, click the ***Clear Filter*** button.

(Examples: Beam, Girder, Concrete Tee, Wind Tower Section, Nacelle, Wind Tower Base, Wind Turbine)

Object or Vehicle being moved Identification Box

Load Make: Model: Serial:

The **Superload Trunnion Permit** application is nearly identical to the **OverWeight And/ Or OverDimension Permits** application.

If **Width > 16'** or **Height > 17'**, the application must go to the District (7-10 working days).

Overall Width *

Overall Length *

Overall Height *

Width Ft: In:

Length Ft: (Round Up)

Height Ft: In:

Effective Date must be between today and 7 days from today. If a **district investigation** is required, the effective date may be between today and 14 days from today.

Effective Date: *

Method of Transmission: *

PLEASE NOTE: Unlike *OverWeight And/ Or OverDimension Permits*, submitting *Trunnion Permits* requires identifying *How will the TRUNNION DIAGRAM be submitted*. Make the appropriate selection from the available options.

Contact Person Email:

How will the TRUNNION DIAGRAM be submitted? Upload scanned image (pdf) Mail or Fax (please include Reference Number) *

Save

Get Route

Besides the difference shown above, the process to apply for *Superload Trunnion Permits* is the same as for *OverWeight And/ Or OverDimension Permits*. If you need further help to complete the *Superload Trunnion Permit* application, you can [CLICK HERE](#) to view the related instructions for *OverWeight And/ Or OverDimension Permits*.

LIMITED CONTINUOUS OPERATION PERMIT

Before moving with this permit, you are required to check the following links at <http://www.dot.il.gov/tpublic.html#truckers>

Please save the links below in your browser Favorites/Bookmarks ...

[Click HERE for Getting Around Illinois Map](#)

[Click HERE for IDOT Permanent Restriction List](#)

[Click HERE for IDOT Temporary Restriction List](#)

[Click HERE for Ton Load Limit Structures on Marked Routes](#)

[Click HERE for Ton Load Limit Structures on UnMarked State Maintained Routes](#)

To submit the permit application you must agree to the provisions listed on this page.

Failure to check your routes in this manner may result in your load becoming stuck in a construction zone causing considerable delays and safety concerns for both your load and the motoring public. It may also result in Violation of your Permit and/or loss of permit privileges with the Illinois Department of Transportation. Permit loads are prohibited from crossing Ton Load Limit Structures.

During normal business hours, permittees may also request our office check their proposed route by emailing their dimensions and route to Permitoffice@dot.il.gov or calling (217) 782-6271.

The movement of any HAZARDOUS MATERIAL (nuclear, medical or otherwise) is strictly PROHIBITED.

I HAVE READ, AND AGREE TO ABIDE BY, THE PROVISIONS STATED ABOVE.

Once you have read the provisions and are in agreement, click the checkbox here to continue.

LIMITED CONTINUOUS OPERATION PERMIT

Before moving with this permit, you are required to check the following links at <http://www.dot.il.gov/tpublic.html#truckers>

Please save the links below in your browser Favorites/Bookmarks ...

[Click HERE for Getting Around Illinois Map](#)

[Click HERE for IDOT Permanent Restriction List](#)

[Click HERE for IDOT Temporary Restriction List](#)

[Click HERE for Ton Load Limit Structures on Marked Routes](#)

[Click HERE for Ton Load Limit Structures on UnMarked State Maintained Routes](#)

To complete the permit application you must agree to the provisions listed on this page.

Failure to check your routes in this manner may result in your load becoming stuck in a construction zone causing considerable delays and safety concerns for both your load and the motoring public. It may also result in Violation of your Permit and/or loss of permit privileges with the Illinois Department of Transportation. Permit loads are prohibited from crossing Ton Load Limit Structures.

During normal business hours, permittees may also request our office check their proposed route by emailing their dimensions and route to Permitoffice@dot.il.gov or calling (217) 782-6271.

The movement of any HAZARDOUS MATERIAL (nuclear, medical or otherwise) is strictly PROHIBITED.

I HAVE READ, AND AGREE TO ABIDE BY, THE PROVISIONS STATED ABOVE.

Once you have read the provisions and are in agreement, click the checkbox here to continue.

To complete the permit application you must agree to the provisions listed on this page.

Failure to check your routes in this manner may result in your load becoming stuck in a construction zone causing considerable delays and safety concerns for both your load and the motoring public. It may also result in Violation of your Permit and/or loss of permit privileges with the Illinois Department of Transportation. Permit loads are prohibited from crossing Ton Load Limit Structures.

During normal business hours, permittees may also request our office check their proposed route by emailing their dimensions and route to Permitoffice@dot.il.gov or calling (217) 782-6271.

The movement of any HAZARDOUS MATERIAL (nuclear, medical or otherwise) is strictly PROHIBITED.

I HAVE READ, AND AGREE TO ABIDE BY, THE PROVISIONS STATED ABOVE.

Once you have read the provisions and are in agreement, click the checkbox here to continue.

[Click HERE for Ton Load Limit Structures on UnMarked State Maintained Routes](#)

[Click HERE for Legal Weight Structures on Marked Routes](#)

[Click HERE for Legal Weight Structures on UnMarked State Maintained Routes](#)

To complete the permit application you must agree to the provisions listed on this page.

Failure to check your routes in this manner may result in your load becoming stuck in a construction zone causing considerable delays and safety concerns for both your load and the motoring public. It may also result in Violation of your Permit and/or loss of permit privileges with the Illinois Department of Transportation. Permit loads are prohibited from crossing Ton Load Limit Structures.

During normal business hours, permittees may also request our office check their proposed route by emailing their dimensions and route to Permitoffice@dot.il.gov or calling (217) 782-6271.

The movement of any HAZARDOUS MATERIAL (nuclear, medical or otherwise) is strictly PROHIBITED.

I HAVE READ, AND AGREE TO ABIDE BY, THE PROVISIONS STATED ABOVE.

Once you have read the provisions and are in agreement, click the checkbox here to continue.

To complete the permit application you must agree to the provisions listed on this page.

Failure to check your routes in this manner may result in your load becoming stuck in a construction zone causing considerable delays and safety concerns for both your load and the motoring public. It may also result in Violation of your Permit and/or loss of permit privileges with the Illinois Department of Transportation. Permit loads are prohibited from crossing Ton Load Limit Structures.

During normal business hours, permittees may also request our office check their proposed route by emailing their dimensions and route to Permitoffice@dot.il.gov or calling (217) 782-6271.

The movement of any HAZARDOUS MATERIAL (nuclear, medical or otherwise) is strictly PROHIBITED.

I HAVE READ, AND AGREE TO ABIDE BY, THE PROVISIONS STATED ABOVE.

Once you have read the provisions and are in agreement, click the checkbox here to continue.

If you need instructions to reach this point, [CLICK HERE](#).

You are then redirected to a page containing various informational resources regarding this type of LCO permit.

LIMITED CONTINUOUS OPERATION PERMIT

Before moving with this permit, you are required to check the following links at <http://www.dot.il.gov/tpublic.html#truckers>

Please save the links below in your browser Favorites/Bookmarks ...

[Click HERE for Getting Around Illinois Map](#)

[Click HERE for IDOT Permanent Restriction List](#)

[Click HERE for IDOT Temporary Restriction List](#)

[Click HERE for Ton Load Limit Structures on Marked Routes](#)

[Click HERE for Ton Load Limit Structures on UnMarked State Maintained Routes](#)

To complete the permit application you must agree to the provisions listed on this page.

Failure to check your routes in this manner may result in your load becoming stuck in a construction zone causing considerable delays and safety concerns for both your load and the motoring public. It may also result in Violation of your Permit and/or loss of permit privileges with the Illinois Department of Transportation. Permit loads are prohibited from crossing Ton Load Limit Structures.

During normal business hours, permittees may also request our office check their proposed route by emailing their dimensions and route to Permitoffice@dot.il.gov or calling (217) 782-6271.

The movement of any HAZARDOUS MATERIAL (nuclear, medical or otherwise) is strictly PROHIBITED.

I HAVE READ, AND AGREE TO ABIDE BY, THE PROVISIONS STATED ABOVE.

Once you have read the provisions and are in agreement, click the checkbox here to continue.

[Back to Menu](#)

When selecting *Mail* for **Method of Transmission**, several fields are displayed showing the default mailing address where the permit will be sent.

The screenshot shows a web form for entering mailing information. The 'Method of Transmission' dropdown is set to 'Mail'. Below it are fields for 'Address' (2300 S Dirksen Pkwy), 'City' (Springfield), 'State' (IL), and 'Zip Code' (62764). A state dropdown menu is open, showing options NY, OH, OK, and ON. Callout boxes provide instructions: one points to the 'Address' and 'City' fields, another points to the 'State' dropdown, and a third points to the 'Zip Code' field. At the bottom of the form are 'Save' and 'Get Route' buttons.

You can update the **Address** and **City** by typing directly into the respective fields.

You can update the mailing address **State** by clicking the arrow on the dropdown list. Then click on your choice from the available options.

You can update the **Zip Code** by typing directly into the field.

[IDOT Privacy Statement](#) | [Illinois Privacy Statement](#) | [IDOT Website](#) | [Contact Us](#)

You are then redirected to the **Create a new Vehicle in Library Page**.

If you have a previously issued permit, the vehicle information from the permit can be added into your **Vehicle Library**. You may then retrieve the vehicle's information when creating new permit applications.

Welcome YourUserName! [[Change Password](#)] [[Log Off](#)]

Create new Vehicle in Library for YourUserName

To Create a vehicle from an issued permit, Enter the **Permit Number** and **Nickname**, then Click GET DATA FROM PERMIT

Permit Number:

Please enter the following fields:

Nickname

Method of Movement (Loaded, Towed, Own Power):

Number of TRACTOR Axles: Number of Trailer Axles:

Make: Model:

Serial: Description:

Vehicle License: and State:

Gross Weight (pounds):

Overall Width Overall Length Overall Height

Width Ft: In: Length Ft: (Round Up) Height Ft: In:

If you do not have a Permit Number to use for adding a vehicle, **[CLICK HERE](#)** to learn how to **Add a Vehicle Manually**.

To add a vehicle from an issued permit, first enter the **Permit Number** and a **Nickname** for the vehicle.

To Create a vehicle from an issued permit, Enter the **Permit Number** and **Nickname**, then Click GET DATA FROM PERMIT

Permit Number:

Please enter the following fields:

Nickname

Method of Movement (Loaded, Towed, Own Power):

Number of TRACTOR Axles:

Make: Model:

Serial: Description:

Vehicle License: and State:

Gross Weight (pounds):

The *Filter Icon* allows you to limit what is displayed in each column, based on the information that you want to see.

Here is a close-up view of the *Filter* icon.

PLEASE NOTE: Each column with a *Filter Icon* can be filtered individually. This can help you find very specific information, without seeing the whole list which may span several pages.

1

Displaying items 1 - 19 of 19

After clicking the *Filter Icon*, the filter options are displayed.

Clear Filter

Show rows with value that

Is equal to

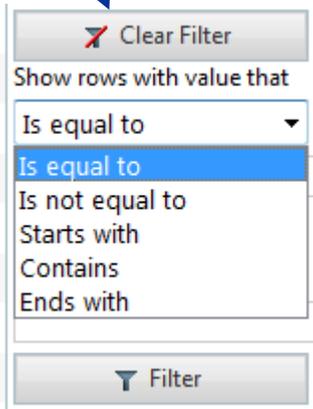

And

Is equal to

Filter

PLEASE NOTE: The filter options will vary slightly, depending on what kind of information the column shows.

For columns that contain alphanumeric data, the filter options are available as shown.

Clear Filter

Show rows with value that

Is equal to

Is equal to

Is not equal to

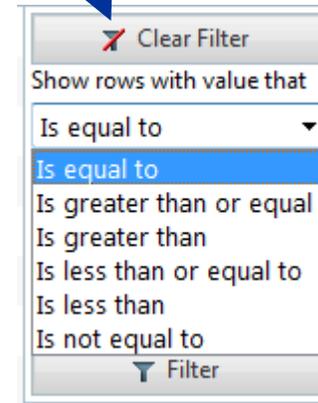

Starts with

Contains

Ends with

Filter

For columns that contain numeric data, the filter options are available as shown.

Clear Filter

Show rows with value that

Is equal to

Is equal to

Is greater than or equal to

Is greater than

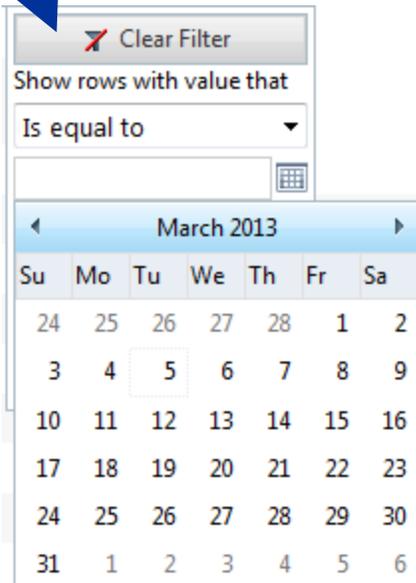

Is less than or equal to

Is less than

Is not equal to

Filter

For columns that contain date and time data, the filter options are available as shown.

Clear Filter

Show rows with value that

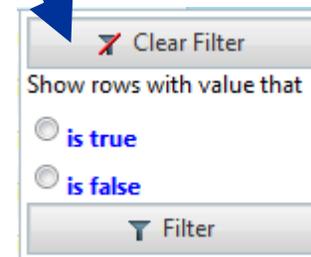

Is equal to

March 2013

Su	Mo	Tu	We	Th	Fr	Sa
24	25	26	27	28	1	2
3	4	5	6	7	8	9
10	11	12	13	14	15	16
17	18	19	20	21	22	23
24	25	26	27	28	29	30
31	1	2	3	4	5	6

Filter

For columns that contain *Yes/ No* or *True/ False* data, such as checkboxes, the filter options are available as shown.

Clear Filter

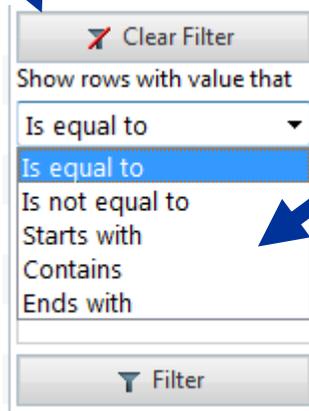

Show rows with value that

is true

is false

Filter

No matter the type of data held in the column and the filter options available, the procedure for setting the filter options is as follows.

To set the filter options, click on the dropdown arrow for the upper **Show rows with value that** field. Then select the criteria for how the data should be filtered.

✖ Clear Filter

Show rows with value that

Is equal to ▼

5862

And

Is equal to ▼

Filter

Next enter a value in the lower **Show rows with value that** field. The criteria you selected above will be applied to the value entered here.

The last two fields of the filter options are not required, but may be used to further filter the results.

Clear Filter

Show rows with value that

Is equal to

Text

And

Is equal to

Is equal to

Is not equal to

Starts with

Contains

Ends with

To enable the second set of filter criteria, click on the dropdown arrow for the upper **And** field. Then select the criteria for how the data should be filtered.

PLEASE NOTE: As mentioned, the bottom two fields are optional. Only one set of criteria is required to filter the columns.

Show rows with value that

Is equal to ▼

Text

And

Is not equal to ▼

Other Text

Next enter a value in the lower **And** field. The criteria you selected above will be applied to the value entered here.

To enable the filter, and display the resulting columns as you've indicated, click the **Filter** button.

To disable any filters you have set, and display the resulting columns without the indicated filter, click the ***Clear Filter*** button.

Clear Filter

Show rows with value that

Is equal to ▼

Text

And

Is not equal to ▼

Other Text
